CalMediConnect
Your choice for complete care

How does a Cal MediConnect plan in Los Angeles County help me?

- Your Medicare and Medi-Cal benefits will work together.
- Your doctors, pharmacists and other providers will coordinate your care to help you stay healthy.
- You will receive a complete assessment of your needs, preventive care, and services in your home and community whenever possible, instead of in emergency rooms, hospitals and nursing homes.
- Your quality of care should improve; coordinating your care will increase the focus on your wellness and reduce unnecessary tests and medications.
- You will receive additional benefits, including vision coverage and transportation services.
